

## Mission

The MOMS Program mission is to promote a healthy pregnancy and healthy baby to Medicaid eligible pregnant residents.

### Getting Started

# Your First Appointment

If you are a Medicaid eligible pregnant resident and live in Cattaraugus County, you're entitled to support from the MOMS program.

Call (716) 373-8050 to schedule your first appointment and meet with a Registered Nurse (RN) who will help you with:

- ✓ Pregnancy Education
- ✓ Enrollment into the WIC program (if applicable)
- ✓ Making an appointment with a participating OBGYN

*\*Participants receive assistance with Medicaid application and if meet criteria receive immediate coverage.*

## Introduction

# About the Program

The Medicaid Obstetrical and Maternal Services (MOMS) Program is a home visiting nurse program that provides maternal child health supportive services, free of cost, to residents of Cattaraugus County that are Medicaid eligible. MOMS is designed to improve equitable access to quality maternal child health care, increase lactation support for parents choosing to breast and chest feed and enhance the coordination of care with other community resources.

## Services

# Prenatal & Postpartum Services

- ✓ Health Screening & Monitoring
- ✓ Nutrition Screening & Monitoring
- ✓ Infant Care Education
- ✓ Lactation Counseling
- ✓ Postpartum Mental Health Education
- ✓ Childbirth and Family Planning
- ✓ Early Childhood Development
- ✓ Community Resource Referrals

## Support

# Your Registered Nurse is Here For You

After you are enrolled into the program, a RN will provide supportive home visits during your pregnancy and after delivery.

Your RN is also a Certified Lactation Consultant who can start you on a path to successful breast/chest feeding and answer any questions you may have about yourself and your newborn.
